

UETDRMP007 Perform rescue from a live LV panel

Aim

This training will provide participants with the skills and knowledge to perform a safe and effective rescue of a worker from a live low voltage apparatus switchboard panel.

Recommended For

Persons who are required to work with others near switchboard panels with live low voltage apparatus.

Prerequisites

Persons nominating for training must be able to perform the 'one-man' drag procedure.

Relationship to Training Package

This training aligns to the unit UETDRMP007 Perform rescue from a live LV panel from the UET Transmission, Distribution and Rail Sector Training Package.

Details

Code: UETDRMP007

Duration: 4 hours

Max No: 8 participants

Fee: Contact ESS

Payment: Client will be invoiced as per Energy Skills Solutions invoicing process. Payment as per Energy Skills Solutions terms of payment.

Dress: Minimum personal protective clothing and equipment for the training includes:

- Long sleeve shirt and long trousers
- Safety helmet
- Safety glasses
- Safety footwear

Objectives

On successful completion of this training, participants will be able to:

- Explain regulatory, industry and organisational requirements for live low voltage panel rescue
- Identify rescue kit components
- Inspect, maintain, and store rescue components
- Describe the effects of electric shock
- Identify hazards associated with live low voltage panel rescue
- Demonstrate safe and effective procedure for live low voltage panel rescue

Content

- Regulatory, industry and organisational requirements
- Rescue kit components
- Inspection, maintenance, and storage of rescue components
- Low voltage switchboard layout and isolation
- Electric shock
- Live low voltage panel rescue hazards
- Live low voltage panel rescue procedure
- Emergency procedures

Delivery

Training is conducted face-to-face in a training room environment.

Learning activities are included in the training to ensure knowledge and skills can be safely applied to workplace situations.

The importance of safety is emphasised throughout the training.

Assessment

A knowledge and practical assessment is included in the training.
